PREMIER'S RESIGNATION LEAVES THE WAY OPEN

By the Resignation of the Greek Premier and His Cabinet, It Is Thought the Last Obstacle Is Removed to the Entry of Greece in the War on the Side of the Allies—This belief Prevails in all Entente Capitals as Well as at Berlin and Vienna—The Allies Report Small Gains on the Several War Fronts but the Situation Remains Practically Unchanged.

London, Sept. 13.—A dispatch from Athens, dated yesterday, says King Constantine has accepted the resignation of Premier Zaimis and his cabinet.

The belief is entertained in the entente capitals that the retirement of the Zaimis ministry is preliminary to the entrance of Greece into the war on the side of the allies. Recent dispatches from Vienna and Berlin show it is regarded possible there that Greece would soon abandon her neutrality.

War Summary.

London, Sept. 13.—The French captured Bouchavesnes in the Combes region of the Somme front and also took by storm a wood six hundred yards east of the road from Peronne to Bethune, the official French statement says. On the Verdun front the French made progress in the northern part of Vaux Chapitre Wood. London reports the situation unchanged on the Franco-Belgian front. Notwithstanding the stout resistance of the Teutons, the Serbian troops on the Macedonian front near Lake Ostrovo gained considerable ground and violent fighting is still in progress, says another French official statement. The continued retreat of the Austrians in Transylvania and the stoppage of navigation of enemy merchant ships on the Danube was reported by Bucharest.

The British troops, which took the offensive recently on the Macedonian front, after forcing a passage of the Struma river and capturing several villages, have made no further effort to advance, according to the London war office. The French official statement says the Italian troops are actively engaged on the Macedonian front west of the Struma. Petrograd says the heights taken by the Russians were successfully held against German counter attacks.

Of the four departments into which the guard organizations are divided, 2,016 discharges were made in the Southern, 341 in the Western, 959 in the Central and 10,284 in the Eastern. War department officials emphasized the fact that they were not intended as a criticism.

The number of discharges are about 10 per cent of the aggregate.

GET TOGETHER MEETING IS HELD

Brazos and Grimes County Officials and Commercial Club Members Hold Important Meeting.

As had been planned for some time the county commissioners of Brazos county and Grimes county held a joint meeting yesterday with the Commercial Club representatives of Bryan and Navasota. The meeting was for the purpose of getting a strip of road in the lower part of Brazos county in a passable shape. This road is known as the Barker's Prairie road and is a strip about four miles long. Judge Maloney says that he has no doubt but that it is the worst piece of road between Dallas and Houston.

The meeting yesterday was for the purpose of determining just what each county was willing to do and what the merchants of Bryan and Navasota were willing to do, and this was brought out in the meeting and will in time, according to Judge Maloney, be carried out, but, of course, he said, "it will take a little time for the plans to materialize, but in due course of time the road will be built."

The party from this city yesterday morning was met out on the Bryan and Navasota road by a party of Navasota Chamber of Commerce representatives and carried immediately to the Camp Hotel, where a sumptuous luncheon was spread. After this entertainment feature the entire party went to the Chamber of Commerce rooms, where the meeting was held.

The members of the party from this city are very loud in their praise for the entertainment given them and feel that the trip will be of material benefit to both Navasota and Bryan.

To clean a white wool coat it is said to be a good plan to rub the soiled spots with dry ground rice, and then shake off. Bits of fresh cloth should be used as each become soiled.

COUNTY FAIR IS NEAR AT HAND

Agricultural Committee of Commercial Association Working in Co-Operation With C. L. Beason.

The time for the Brazos County Fair, which has been planned for this fall, is now coming close to hand. The time set for this great event is October 10 and 11, and is a little less than thirty days off. Already a very large number of farmers from over the county have arranged to bring exhibits and have signified their desire to enter the various contests for the prizes which will be offered.

Mr. J. Webb Howell, chairman of the committee which has this matter in charge, has lost no time in making the arrangements and will in due course of time announce the list of premiums and other matters.

County Agent C. L. Beason has been a very busy man in his rounds over the county talking the fair and is possibly doing more to advertise this event than any other single individual. Mr. Beason said this morning that he found one man who had 150 different things that he expected to exhibit during the time, and that a large number of others had signified a desire to be on hand with their products.

Right now is the time to boost the fair. Every merchant in Bryan should have some literature in his place of business and it should be wrapped in every package of merchandise sold. Every one should be talking fair, so that it will be a record breaker this fall.

Remember the dates—October 10 and 11.

Mr. and Mrs. W. H. Crocker of Cross were in the city today shopping.
